* These are the recommended semesters in which the students are suggested to fulfil the requirements. If the students follow this recommendation they will be able to finish their studies in the given length of the programme based on the qualification requirements. It is not obligatory but it provides moderate load for the semesters.

** According to the time of the compulsory completion of the prerequisites we define two types of them. **The strong prerequisites** must be completed before registering for the given course (in this case the prerequisite must be completed in the previous semester). *The weak prerequisites* may be completed in the same semester (but the marks in these courses must be obtained before taking the exam / obtaining the mark in the course whose prerequisites they are).

¹ It was accepted by the decision number XCII/2021. (VI. 30.) by the Senate of the ELTE.

² Every student has to obtain at least two modules completely in the first four semester of his/her doctoral studies. The obligatory modules are listed in the resolution of admittance.

³ To fulfil the requirements of the module the student has to obtain four courses.

⁴ One of the courses in the group of subjects indicated by a dashed line within the module has to be obtained.

⁵ Three courses are mandatory to complete, one must be selected.

⁶ As optional ones the students can choose from the courses of the Doctoral School of Education Science and the Doctoral School of Psychology.

⁷ Dependig on the size of the modules.

⁸ According to the Doctoral Rules and Regulations (No. 1 §49)
